

## Benefits

We can help you to gain the skills that you need to become a great hairdresser. Span Training and Development will be there at every step of the way from helping you to find a good employer to the completion of vital training that you need to make it in this competitive industry. All of our training staff are fully qualified hairdressers, many gained their qualifications with Span when they started out. Our aim is to help you gain full employment, become fully qualified in a Span approved salon and to help you earn a living while learning to be a great hairdresser.

- Earn a living while you learn to be a qualified hairdresser.
- Become a highly skilled employee, bringing real value to your customers and employers.
- Gain a recognised qualification that gets you respect both nationally and internationally.

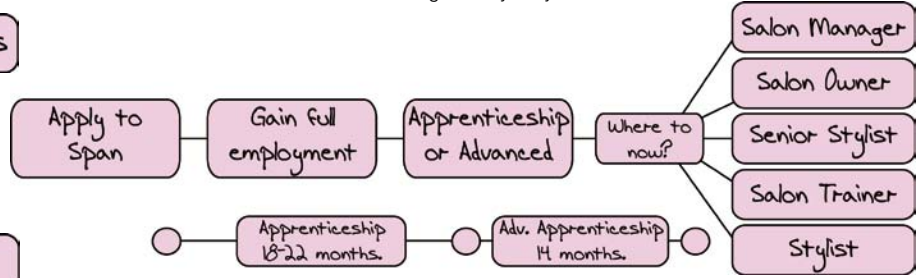

## Funding

Span is funded by the Learning Skills Councils, so most of your training is free. All you have to do is work with a Span approved employer who will allow you to attend our off-job training sessions, competitions and training reviews. We will work with most salons who are very committed to training and an equal opportunity for all. Call us for a list of salons in your area.

## Eligibility

Our Apprenticeship is 18-22 mths long and our Advanced Apprenticeship a further 14 mths. Most young people between the ages of 16-25 will be eligible for training with Span. There are few entry requirements apart from the desire to become an excellent hairdresser, a basic level of Maths and English, the ability to commit to this rewarding profession and an initial assessment to establish whether hairdressing is really for you.

## How it works

## History

Span has been helping young people to be hairdressers since 1983. We offer high quality training solutions to a diverse range of companies. We work with over 120 salons in the UK.

## Key Products

- Hair Apprenticeship (NVQ 2 plus Keyskills)
- Hair Advanced Apprenticeship (NVQ 3 plus Keyskills)
- Trainer and Assessor Qualifications
- ILM Team Leaders Awards
- Online Learner Community
