Development Ltd.**

Early Completer Incentive Scheme

Span is introducing a new incentive scheme from 1st April 2007 for all salons who complete their learners' qualifications early. This applies to all learners even if they started before 1st April 2007. If an A learner (Level 2) finishes before 18 months or an AA learner (Level 3) finishes before 14 months, the salon receives £250 as a bonus for early achievement.

This incentive scheme is open to existing salons as well as new salons and is available until 31st July 2008, at which point it will be reviewed. In order to claim the early achiever bonus your salon will need to invoice Span for £250 including VAT. This is in recognition of the hard work of salons and assessors in getting their learners qualified in a timely manner.

We are sure many salons will incentivise their learners from this payment.
